Cameron R. McIntosh Esq.,

North Battleford Sask.

Dear Mr McIntosh:

I hope to be able, some time in the future, when I visit the West, to go as far as North Battleford and Prince Albert, though I am hardly in a position to say how soon that may be. I am glad to know from the booklet you were good enough to send me that affairs are so prosperous in North Battleford, and I hope that you will be successful in your public life in connection with your chosen home.

I am afraid that any testimonial I could send you would be so dependent upon knowledge of your work that I would receive from others that it would be of very little value, however, Principal Gordon undoubtedly knows your work, and I would advise you to write to him.

With kind regards, I am

Yours sincerely,

President
